

How-to guide.

Hvordan gjenoppkoble utdatert Instagram/Facebook feed.

Logg inn på hjemmesiden og navigér på venstre sidemeny til: Instagram feed / Settings.

Finn koblingen som er utdatert og trykk på: Reconnect.

The screenshot shows the 'Settings' page for the Instagram Feed plugin. The 'Manage Sources' section is highlighted with a yellow oval. A yellow arrow points to the 'Reconnect' button for the 'operadisetra' source, which is marked as 'Source Invalid'. Other sections visible include 'License Key', 'Preserve settings if plugin is removed', 'Import Feed Settings', and 'Export Feed Settings'.

Følg veilederen videre:

Velg: Login with Instagram. Veileder tar deg da videre til godkjenning av oppkobling til hjemmeside.

The screenshot shows the 'Connect to Instagram' dialog box. A yellow arrow points to the 'Login with Instagram' button. The dialog box contains instructions for connecting the account and a 'Back to Settings Page' link.

The screenshot shows the Instagram login page. The 'Log In' button is highlighted with a yellow arrow. The page includes the Instagram logo and a 'Log In with Facebook' option.
